BACKGROUND

- Recognized as one among the Top 2% of scientists worldwide in a list prepared by Elsevier and Stanford University, for the consecutive six years **2020-2025**. Ranked **232** globally in the field of Optoelectronics & Photonics in 2024. <https://topresearcherslist.com/Home/Profile/865163>
- Visited several renowned universities across Asia, including Asia Pacific University (APU), Malaysia, and Nanyang Technological University (NTU), Singapore, gaining valuable international exposure and insights into cutting-edge research and technological advancements.
- Funded projects handling worth of more than **INR 2.6 Crores**.
- **Editorial board member for the Springer Discovery Electronics Journal**, contributing to the review and publication of cutting-edge research in the field of electronics.
- Delivered **180+ invited talks** and conference presentations at prestigious institutions, including IISc Bangalore, IIT Indore, and IIT Goa.
- Organized **10+ training programs**, impacting thousands of teachers, students, and professionals by fostering skill development and knowledge dissemination across various sectors.
- Served as an examiner and subject matter expert for **80+ Ph.D. theses**, providing expert evaluations and contributing to the advancement of academic research.
- Serving as a Board of Studies (BoS) and Board of Examiners (BoE) member for **10+ prestigious institutions**, contributing to academic curriculum development and evaluation standards.
- Mentored and guided **70+ Ph.D. and Master's students**, making significant contributions to their academic and professional development.
- Author of **95 technical papers**, with 78 published in prestigious international journals and 17 presented at international conferences.
- **15+ years of experience** in wireless channel modeling and performance enhancement for wireless optical communication systems.
- Expert in visible light communication (VLC), Li-Fi technology, and electro-optics, with a focus on designing and implementing optical modulators.
- Extensive project management experience, including project proposals, documentation, report writing, and developing technological resources for cross-functional teams.
- Currently focused on developing next-generation technologies such as 6G, Internet of Things (IoT), underwater communication, and smart city solutions.
- **IEEE Senior Member**.

EDUCATION

National Institute of Technology (NIT) Trichy, India - CGPA 9.00/10.00 Feb' 2012 – Apr' 2015
PhD – Research Scholar in Electronics and Communication Engineering (ECE)
Thesis Title: *Performance analysis of free space optical communication systems over strong atmospheric turbulence channel with pointing errors*

Description: The main objective of this thesis work is to analyse and enhance the performance of free space optical communication systems over strong atmospheric turbulence channel with pointing errors using robust modulation techniques, relay, MIMO and diversity techniques.

Madras Institute of Technology (MIT) Chennai, India - CGPA 8.44/10.00 Aug'2008 – Apr' 2010
M.E – Communication & Networking in Department of Electronics Engineering
Master's Thesis: *Analysis of Mach-Zehnder Modulator with one arm loaded with ring resonator for Radio over Fibre (RoF) Applications*

Description: This work identifies the problem that exists in Mach-Zehnder modulator subjected to high frequency input signals, will produce inter modulation distortion and harmonic distortion due to its non-linear nature. This project work introduced the micro ring resonator to linearize the Mach-Zehnder modulator and reduced the nonlinearity effects for radio over fiber applications.

Anna University Chennai, India – 74 % First Class Aug'2003 – Apr' 2007
Bachelor of Engineering in Electronics and Communication Engineering (ECE)
Thesis: *Optical character reorganization using Artificial Neural Network (OCR-ANN)*
Description: The objective of this project work is to recognize the correct characters from the noisy characters in an optical image using artificial neural network.

MAJOR AREAS OF INTEREST

- Wireless Optical Communications
- Optical Communications
- Wireless Communication
- Underwater communication
- Optical sensors
- Photonic crystal fibre
- Optical communication networks
- 5G, 6G, Antennas
- IoT
- AI Enabled Wireless Communication

PROFESSIONAL EXPERIENCE

National Informatics Centre (NIC) Pondicherry, India

Nov, 2007- Apr, 2008

- Technical Assistant for Common Integrated Police Application (CIPA) project in SGC Services Pvt. Ltd. – Chennai.
- Provide support and testing for CIPA project.

TEACHING EXPERIENCE

National Institute of Technology Karnataka (NITK), Karnataka, India

May, 2018 – Till date

- Working as Associate Professor
- Subjects handling
UG — Elements of Electronics and Communication Engineering, RF and Microwave Engineering, Internet of Things, RF Components and Circuits, Optical Communication Systems and Networks, MIMO Communication Systems
PG — Nano Photonics, Internet of Things

Vellore Institute of Technology (VIT) University, Vellore, India

Jan, 2015 – May, 2018

- Worked as Associate Professor
- Positions held
Project Coordinator, Time Table Coordinator, Course Chair, Research Coordinator, IPT Coordinator, Year coordinator
- Subjects handled
UG— Optical Communication and Networks, Microwave Engineering, Antennas and wave propagation, Transmission Line Theory and Waveguides
PG— Fiber Optic Communication and Networks

Loyola ICAM College of Engineering and Technology (Loyola Institutions Group), Chennai, India

Sep, 2014 – Dec, 2014

- Worked as Assistant Professor
- Positions held
Project Coordinator, ISO Coordinator
- Subjects handled
UG—Digital Electronics, RF & Microwave Engineering

Easwari Engineering College (SRM Institutions Group), Chennai, India

Sep, 2010 – Feb, 2012

- Worked as Assistant Professor
- Positions held
Placement & Project Coordinator, ISO Coordinator
- Subjects handled
UG-- Signals and Systems, Electromagnetic Fields, RF & Microwave Engineering, Wireless mobile Communication and Digital Signal Processing
PG-- Advanced Digital Signal Processing, Solid State Device Modelling and Simulation
- Completed intensive training programs for Mission10X and obtained certification in Teaching and Learning

Funded PROJECTS: 04

- Project Title: Deep Learning-Driven Multipath Profiling and Vehicle Fingerprinting for Enhanced V2V Communication in Smart Cities, Funding Agency: TTDF Scheme, Dept. of Telecommunications (DoT), Government of India., Investigators: Dr. Prabu K, Dr. Shyam Lal, Prof. Ashvini Chaturvedi, Mr. Ajar Behari., Project Duration: 2024-2027, Funding Amount: ₹ 1.29 Crore.
- Project Title: 100 5G Use Case Labs for Higher Educational Institutions, Funding Agency: Dept. of Telecommunications (DoT), Government of India., Investigators: Dr. Mahendra Pratap Singh, Prof. Ashvini Chaturvedi, Dr. Prabu K, Dr. Saumya Kamat, Dr. Gita, Dr. Kiran., Project Duration: 2023-2028, Funding Amount: ₹ 82 Lakhs.
- Project Title: Performance Analysis and Enhancement of Radio over Free Space Optical Communication System for 5G Applications for Smart Cities, Funding Agency: SERB, Govt. of India, Investigators: Dr. Prabu K, Project Duration: 2019 - 2022, Funding Amount: ₹ 28 Lakhs.

- Project Title: Empowerment by Enhancing the Research and Technological aptitude of Underprivileged School Students in IoT research through Humanoid Teaching robots and Practical Kits, Funding Agency: NITK/KREC Endowment Fund, Investigators: Dr. Nikhil, Dr. Prabu K, Dr. Deepu Vijayasenan, Project Duration: 2025 - 2027, Funding Amount: ₹ 21 Lakhs.

PUBLICATIONS: PATENTS – 02

- Reconfigurable Triple-Band On-Chip Nano Antenna for Terahertz Applications, Indian Patent, Indian Patent, Patent No. : 545773.
- AI Based Smart Glasses for Identifying Skin Disease, Indian Patent, Design No: 429090-001.

PUBLICATIONS: BOOKS – 03

- “**Microwave Engineering Theory and Techniques**” – **David M Pozar, Wiley, WILEY** India Adaptation, Content contribution for Indian Adaptation by Prabu K., Santosh A. Janawade, 2020.
- A chapter author for a book “**Principles and Applications of Free Space Optical Communication**”, **IET Publications**. Title of the chapter is “**Performance analysis and mitigation of turbulence effects using spatial diversity techniques in FSO systems over combined channel**”., 2019.
- A chapter author for a book “**Turbulence and Related Phenomena**”, **IntechOpen**. Title of the chapter is “**Performance analysis of FSO systems over atmospheric turbulence channel for Indian weather conditions**”, 2019.

FOREIGN VISIT

- A research paper presentation in an International Conference on IEEE 21st Student Conference on Research and Development (SCORED) held at **Asia Pacific University of Technology & Innovation (APU), Malaysia** during December, 2023.
- Lab visits at **Nanyang Technological University (NTU), Singapore** during May 2014, had a technical discussion with Prof. Dr. A. Alphonse, Prof. Dr. N. Sundararajan, School of Electrical and Electronics Engineering and Dr. Murukeshan Vadakke Matham, School of Mechanical & Aerospace Engineering.
- A research paper presentation in an International Conference on Wireless and Optical Communications (ICWOC-2014) held at **Nanyang Technological University (NTU), Singapore** during May, 2014.

PROFESSIONAL TRAINING COURSE

- **“Mission10X”** – short term course to enhance the employability skills of fresh engineering graduates in India organized by Wipro Ltd.,
- **“Sansbound knowledge enrichment program for college lecturers”** – short term course to enhance the knowledge of lecturers in India organized by Sansbound.,

SKILL SET

- *Programming/HDL Languages:* C, C++.
- *EM, Antennas & Photonics Simulation Tools:* COMSOL Multi physics, OptSim, OptiSystem.
- *Engineering Tools:* MATLAB, MuPAD, Mathematica.
- *Operating Systems:* Windows, Linux.

HONOURS, AWARDS, AND ACCOMPLISHMENTS

- **One among the Top 2% of the scientist’s worldwide list prepared by Elsevier and Stanford University US for the consecutive years of 2020-2024. His world rank is 232 in the field of Optoelectronics & Photonics in 2024.**
- Invited speaker for **SERB Funded KARYASHALA Workshop on Vehicular Communications – IIT Indore, July, 2022.**
- Invited speaker for **AICTE sponsored FDP on "Signal Processing in 5G - Algorithms and Implementation" – IIT Goa, August 2021.**
- Invited speaker for Inauguration of One-day Lectures on **Optical Wireless Communications (WOC), sponsored by IEEE Photonics Chapter – Bangalore chapter, IISc, Bangalore, Dec., 2018.**
- Recipient of **“Good Researcher”** awards at VIT University Vellore for the last two consecutive years 2017 and 2016.
- Invited speaker for Inauguration of **IEEE Photonics Chapter – Chennai Section, VIT University, Chennai, 2017.**
- Invited speaker and Session chair for an **International Conference on Nextgen Electronic Technologies: Silicon to Software (ICNETS2), VIT University, Chennai, 2017.**
- Recipient of **“Good Reviewer”** award from Elsevier during 2015.
- Awarded **“TEQIP International Foreign Travel Grant”** for visiting Laboratory facilities at NTU Singapore, attending an International Conference ICWOC 2014, NTU Singapore.
- Recipient of **“Technical Education Quality Improvement Programme (TEQIP)”** Scholarship [2012-2015] for Ph.D.
- Awarded Government of **“India’s University Grant Commission (UGC)”** Fellowship during my Master of Engineering [2008-10]

REVIEWED FOR THE JOURNALS

- IEEE Transactions on Vehicular Technology
- IEEE Transactions on Wireless Communication
- IEEE / OSA Journal of Lightwave Technology
- IEEE Sensors
- IET Communications
- IET Electronics Letters
- Elsevier Optics Communications
- Elsevier Optik
- Springer Wireless Personal Communications,
- SPIE Optical Engineering
